CITY OF MANSFIELD POLICE DEPARTMENT

The Mansfield Police Department Commercial Vehicle Enforcement (CVE) Unit was established in February 2010 at the direction of the Mansfield City Council. The primary function of the Unit is to ensure that the safety within the city's 38.8 square miles of roadways is accomplished for both commercial and private vehicle traffic.

The City of Mansfield lies within three counties, Tarrant, Johnson, and Ellis. The main highway that runs through the city is US 287. Other major thoroughfares include FM 157, FM 1187, FM 917, and SH 360. The City of Mansfield is a major passageway for

freight, multi-passenger carrying vehicle (buses), and private commuters with destinations from the Panhandle of Texas (and beyond) to Houston and the Texas Gulf Coast.

The Mansfield Police Department CVE Unit has entered into an agreement with the Texas Department of Public Safety (DPS) as a local Jurisdictional member of the agency's Motor Carrier Safety Assistance Program (MCSAP). The Mansfield CVE Unit is a Member of the Commercial Vehicle Safety Alliance (CVSA) and The DFW Safety Alliance and shares and supports the goals and objectives of these organizations.

Officers selected for the CVE Unit have successfully completed the required Federal Motor Carrier Safety Administration (FMCSA) courses in Driver Inspections (North American Part A), Vehicle Inspections (North American Part B), Texas Intrastate Law (Part C), Basic CVE (License and Weight), Basic Hazardous Materials, Cargo Tank Inspections, Other Bulk Packaging Course, and Passenger Vehicle Inspections. Assigned Officers

continue to enhance skills through continuing education, training, and conferences throughout the year.

The Mansfield CVE Unit strives to initiate and complete all levels of Inspections in a courteous, professional, and timely manner. We understand the importance of the industry in the economy of the United States and to that end, we are cognizant of your efforts and time. Our **MISSION** is to develop a partnership between Law Enforcement and Industry to accomplish one goal....Safety for **ALL** who travel our roadways.
